ABSTRACT

This report presents data on Minnesota's fall 2001 enrollment at public and private postsecondary education institutions. Following an introduction and a glossary, the report has four sections. The first part contains 5-year enrollment summaries for each institution. These summaries include total headcount, full-time and part-time enrollment, male and female enrollment, and new entering student data. The second section shows the county of residence for Minnesota new entering students for each system. The third section describes the distribution of Minnesota new entering students by year of high school graduation from 1997 to 2001. The final section summarized enrollment data by level of study, gender, and full-time or part-time attendance for each institution. (Contains 64 tables.) (SLD)

Introduction

The Minnesota Higher Education Services Office publishes reports on enrollments in Minnesota post-secondary institutions. Educational planners, policy makers, and the public use the data for descriptive and research purposes.

Since 1983, this report has been generated from the Services Office's Student Enrollment Record Data Base. The Student Enrollment Record Data Base contains unit records for students enrolled during the fall in Minnesota's public and private post-secondary education institutions. Prior to 1983, the *Basic Data Series* was prepared from summary data that was supplied by individual post-secondary institutions. The first *Basic Data Series* was produced in 1974.

Institutions are asked to provide unit records for students enrolled on the tenth day of fall term, or the institution's official fall reporting date. Institutions without distinct academic terms are asked to provide enrollments using the three-month period, July 15 through October 15, as a proxy for tenth day data.

The report has the following four parts:

(1) Five-year Summaries
Five-year enrollment summaries are presented for each post-secondary institution. Summarized enrollments include a total headcount, full-time and part-time, male and female, and new entering student enrollments.

(2) Residence
The county of residence for Minnesota new entering students is summarized for each system. Residency by state or foreign country is summarized by system for all students.

(3) Distribution by Year of High School Graduation
The distribution of Minnesota new entering students by year of high school graduation is presented for each institution from 1997 to 2001.

(4) Institution Enrollment Reports
Enrollment data are summarized by level of study, gender, and full-time or part-time attendance for each institution.

Data may vary from previously published reports due to corrections made after the publication date.

Other enrollment data can be found at www.mheso.state.mn.us.

Glossary

Academic Year — the period of time, typically from fall through spring, when institutions traditionally have conducted their instructional activity.

Credit-Based Instruction — organized instruction that is part of a major program of study in the technical colleges.

First Professional — professional school or program which requires at least two academic years of college work for entrance and a total of at least six years for a degree. Examples include chiropractic, dentistry, law, medicine, theology and veterinary medicine.

Foreign Student — a student whose residence was located outside the United States or its territories, or who was reported as a nonresident citizen in the United States on a temporary basis.

Full-time — registration for credit hours, course load, or other required activity amounting to at least 75 percent of the normal full-time load during an academic term.

Graduate — a program of studies culminating in the attainment of a master's, specialist, or doctorate degree.

Headcount — the number of individuals enrolled at a post-secondary institution.

Hour-based Instruction — organized instruction that is not part of a major program of study in the state's public technical colleges.

New Entering Student — a student who is enrolled at a post-secondary institution for the first time and who previously has not been enrolled at another post-secondary institution, except as a secondary student. This category includes students who entered with advanced standing, through college credits earned before graduation from high school, performance on Advanced Placement or International Baccalaureate exams, or other measure.

Part-time — registration for credit hours, course load, or other required activity amounting to less than 75 percent of the normal full-time load during an academic term.

Racial/Ethnic Background — the group as reported by the student. This is the group with which the student identifies. The reporting options are: American Indian or Alaskan Native; Asian or Pacific Islanders; Black, non-Hispanic; White, non-Hispanic; or unavailable.

Residence — the place which the student identifies as his or her address at the time of application for admission to the post-secondary institution.

Secondary Student — a student who is concurrently enrolled in high school and a post-secondary institution.

Unclassified Graduate/Professional — a student enrolled for graduate credit whose status as a graduate or professional school student has not been specified.

Unclassified Undergraduate — student enrolled for undergraduate credit whose specific class level cannot be specified.

Part 1. Five-year Summaries

Part 1 summarizes headcount enrollments at Minnesota post-secondary institutions during the past five years:

- ***Five-year Summary of Total Headcount*** presents the total number of individuals enrolled the tenth day of classes for fall terms 1997 through 2001, or the institution's official fall reporting date. The percent change columns compare fall 2001 enrollment to fall 1997 and fall 2000.

- ***Five-year Summary of Full-time and Part-time Enrollment*** presents the distribution of total headcount by enrollment status. The table also displays each institution's full-time/part-time ratios for 1997 and 2001. A full-time student is registered for credit hours, course load, or other required activity amounting to at least 75 percent of the normal full-time load during an academic term. Part-time students are registered for less than 75 percent of the normal full-time load.

- ***Five-year Summary of Male and Female Enrollment*** presents the distribution of male and female students for each institution from 1997 through 2001. Students whose gender was not known are not tabulated.

- ***Five-year Summary of Total New Entering Students*** presents total new entering students at each institution for fall 1997 through 2001. The percent change columns compare fall 2000 new entering student enrollments to fall 1997 and fall 2000.

****

Data may vary from previously published series due to corrections made after the publication date.

Not all private institutions report headcount annually, which creates some difficulties in historical comparisons.

Part 2. Residence

Part 2 summarizes the residence of students by type of post-secondary institution attended. The residence is the place the student identified as his or her residence at the time of admission to the post-secondary institution.

For each type of post-secondary institution, residence is tabulated in two different ways:

- ***The County of Residence*** is presented for new entering students who are Minnesota residents only, along with their full-time or part-time enrollment status and gender.

- ***Students by Place of Residence*** by level of study is presented for all students. For all new entering students, their full-time or part-time enrollment status and gender are also presented.

  Note: *Total Undergraduate Students* includes new entering students.

****

Residence reports for individual institutions may be obtained electronically or on paper by calling the Services Office at (651) 642-0586.
